

Dawn® Compounds

**BOOST YOUR CREATIVITY WITH
EXTRA FRUIT, FLAVOUR & COLOUR**

dawnfoods.com

ADD DELICIOUS FLAVOURS TO YOUR SWEET TREATS WITH DAWN® COMPOUNDS

Our Compounds; concentrated flavouring pastes made with fruit juices, extracts and/or puree, are perfect for creating a variety of enticing tastes and colours to elevate bakery creations. This versatile addition can be applied to a whole host of products and brings a natural flavour boost that will delight your customers.

YOU CAN USE COMPOUNDS IN:

- Mousses, bavarois, non-dairy creams
- Ice-cream, milkshakes
- Filling for chocolates
- Frostings, filling creams... and more!

THEY'RE SUPER VERSATILE!

Natural Flavours

Consumers are growing more health conscious and look for products that are made of natural ingredients. Our Compounds range is made with natural flavours and colours so you can bring indulgence to your bakery items and take advantage of this increasing market demand. In most recipes we have chosen to use pectin as a binding ingredient/agent - which is a basic additive naturally present in fruits.

Standardised Viscosity

Convenience is key for most professionals in the sweet bakery market. Our Dawn® Compounds have a standard viscosity across all flavours for an easier and faster application process.

THE DAWN FOODS REVITALISED COMPOUNDS PORTFOLIO

As part of our ongoing commitment to provide you with the products, insights and strategies to grow your bakery business, we are excited to share how we are revitalising our product portfolio with you, our customer, in mind.

We are organising our portfolio into three distinct product pillars: Dawn, Dawn Exceptional and Dawn Balance, to make it easier to find the right Dawn product for all your bakery needs, every time.

Our Compounds range is placed under the Dawn Exceptional product pillar, as the products are made with specially selected high quality ingredients, natural flavours, and the fruit variants contain high fruit content in order to deliver premium results for your bakes.
