

# Chocolate Brownie Pops

SKILL LEVEL

2

TIME

50<sup>m</sup>

## YOU WILL NEED:

Baking Form – sheet tray

Wooden lollipop sticks

Dawn Scoop & Bake Chocolate Brownie

Dawn Chocolate Frosting

Dawn San Felipe Milk Chocolate

Sprinkles for decorations – any – we have used pink sugar sprinkles

**YIELD: 1 x 2kg tub at 60g each = 33 Brownie Pops**

## METHOD:

To begin mix around the Dawn Scoop and Bake brownie with a spatula or a spoon.

Pour the brownie batter into a tray baking form to create a sheet brownie

Bake at 190° degrees for around 35 mins in a deck oven.

Once cooled mix the baked brownie with Dawn chocolate frosting to create a dough which can then be moulded into balls.

Use 750g Dawn baked brownie + 150g of Dawn Chocolate Frosting.

Melt the Dawn San Felipe chocolate in a suitable dish.

Use a lollipop stick to dip the brownie balls into melted chocolate – then dip again into sprinkles or any type of decoration and leave to dry standing upright.

Then display and sell – eye catching, fun and delicious treats – can be sold to accompany drinks or as on the go treats. Great for parties!
