

Dipping Cookie Sticks

SKILL LEVEL

1

TIME

35^m

YOU WILL NEED:

Baking Tray

Dawn® Scoop & Bake Vanilla Cookie Dough

Dawn® Chocolate Chunks / Drops – white /milk / plain

Dawn® Topping – Caramel / Chocolate / Strawberry

YIELD: 1 x 2kg tub = 100 (20g)

METHOD:

To begin, tip out the Dawn® Scoop & Bake Vanilla Cookie dough and roll with a small amount of flour for dusting, to avoid sticking.

Place the rolled out cookie dough onto a greased tray or using baking paper to line the tray.

Press down the dough around the tray to ensure all of the baking area is covered.

Bake at 170°C for 18 – 20 minutes in a deck oven.

Once removed from the oven sprinkle the chocolate chips / chunks on the baked cookie sheet whilst still hot.

Pre-cut the cookie sheet into strips whilst still warm to avoid breakages.

Serve as they are or with a small pot of sauce (any flavour) to dip the cookie stick into for extra pleasure & indulgence!

Perfect to sell with a hot drink, or to create an attractive display for an impulsive 'food to go' snack.
